
Gianna Hayden - Date: 12-21-1997 - Detective Mark Dole

Case No. 659150

1 **Detective Dole:** Can you please state your full name for the record?

2 **Gianna Hayden:** My name is Gianna Hayden

3

4 **Detective Dole:** Gianna I'm just gonna go out on a limb and say because of this
5 restraining order against you filed by Julietta Winston, that you did know her?

6 **Gianna Hayden:** Yea I did, unfortunately.

7

8 **Detective Dole:** Unfortunately? Why is that can you explain this?

9 **Gianna Hayden:** I hate that little loser. She pretty much ruined my life.

10

11 **Detective Dole:** And Johnny Bardove was your ex-boyfriend? Is this correct?

12 **Gianna Hayden:** Yea, piece of work he is also.

13

14 **Detective Dole:** Is he the reason you don't like her?

15 **Gianna Hayden:** Of course. He was actually cheating on me with her while we were
16 still together, and he ultimately left me to be with that skank.

17

18 **Detective Dole:** Gianna it seems like you have a pretty good motive to not want
19 her around anymore?

20 **Gianna Hayden:** Oh believe me she is one person the world could live without.
21 I could only wish something bad like this would happen to her, but this is not on
22 me. I had nothing to do with this.

23

24 **Detective Dole:** Well let's look at some of the stuff here that to me looks like
25 you hit that breaking point and to me gives you a strong motive for killing her.
26 According to this restraining order and some of this evidence we have, looks like
27 at one point you actually entered her apartment building, why don't you tell me
28 how you actually got into the building?

29

30 **Gianna Hayden:** She sent him an email that included the code to the doors. So one
31 day I followed him and he went over there. After he went in I went in and pretty
32 much let both of them have it.

33

34 **Detective Dole:** So did you do anything physical to her at that time?

35 **Gianna Hayden:** No I didn't touch her, but I could have killed him! I dragged him
36 right out of there. We pretty much broke up after that.

37

38 **Detective Dole:** So after this is when you started all the stalking? Calling his
39 phone constantly, following him around, you were even seen following her around.

40 **Gianna Hayden:** I tried to put a little scare into her I admit that.

41

42 **Detective Dole:** You sent her some pretty threatening things in the mail.

43 Gianna I mean come on it doesn't take a rocket scientist to figure out you had
44 some reasons to want her out of the picture.

45 **Gianna Hayden:** I was just trying to break them up that's all. I know it seems
46 worse than it is but I am not going to go as far as to kill her.

47

48 **Detective Dole:** Why don't you tell me your whereabouts this Friday and Friday
49 night from like 10-11pm specifically.

50 **Gianna Hayden:** I was home all morning I pretty much slept in. Then later that day
51 I met up with a friend for dinner around five. Then we went to the Cinaplex to go
52 to the opening night of the new Titanic movie which I cried at the end, umm
53 sorry spoiler alert. After that I just went home. Was home the rest of the night.

54

55 **Detective Dole:** I think that after that movie you decided you were going to go to
56 Julietta's and see if they were together, but since she was alone you seen the
57 opportunity to make your wish come true and finally get her out of the way once
58 and for all. Sounds like motive and opportunity.

59 **Gianna Hayden:** ahh ... NO! That is not what happened! That is totally untrue!

60

61 **Detective Dole:** We know you had the door code. You have the motive...

62 **Gianna Hayden:** Well that sounds great. But that's not what happened! I didn't go
63 there and I didn't kill her!

64

65 **Detective Dole:** Well right now it's not looking good for you. All I need to do is
66 prove you were in that room that night and you will never see another movie. The
67 evidence will tell us. The evidence always speaks the truth Gianna.

68 **Gianna Hayden:** Whatever. You do what you have to do. I'm pretty sure I have
69 nothing to worry about. And you're not gonna find a thing. So good luck.

70

71 **Detective Dole:** Gianna we will see.
